Co-funded by the European Union — Interreg Baltic Sea Region Programme 2021–2027

### Quick Reference — How to Use These Materials

- ✓ Free to use for non-commercial educational, training, and research purposes
- ✓ Free to adapt, remix, translate, and build upon
- ✓ You **MUST** credit the original authors and the RESIST project (see Section 4)
- ✓ Derivative works must be shared under the same CC BY-NC 4.0 licence
- ✗ Commercial use without prior written permission is **NOT** permitted

## 1. About These Materials

This notice applies to all Train-the-Trainers educational module materials produced under the RESIST project ("Resilient Social Enterprise Support Systems in the Baltic Sea Region"), co-funded by the Interreg Baltic Sea Region Programme 2021–2027 of the European Union.

These materials are published on the RESIST project website at:

<https://socialenterprisebsr.net/train-the-trainers-educational-modules/>

## 2. Licence

All RESIST project educational materials are, unless otherwise indicated, made available under the:

### **Creative Commons Attribution—NonCommercial 4.0 International Licence (CC BY-NC 4.0)**

<https://creativecommons.org/licenses/by-nc/4.0/>

This licence is consistent with the Interreg Baltic Sea Region Programme requirement that all project outputs are publicly accessible in a usable format, while protecting the legitimate interests of the contributing organisations and authors.

### 2.1 What this licence permits

- Sharing — copying and redistributing the material in any medium or format
- Adapting — remixing, transforming, and building upon the material
- All of the above for any non-commercial purpose

### 2.2 Conditions

- Attribution — You must give appropriate credit, provide a link to the licence, and indicate if changes were made (see Section 4 for required citation format).

- NonCommercial — You may not use the material for commercial purposes without prior written permission from the RESIST project coordinator.
- ShareAlike — If you remix, transform, or build upon the material, you must distribute your contributions under the same CC BY-NC 4.0 licence.

### 2.3 Why CC BY-NC 4.0?

The CC BY-SA 4.0 licence would permit commercial exploitation of these publicly-funded educational materials. In accordance with the spirit of the Interreg programme — which funds outputs for the public good — and following consultation among project partners, the NonCommercial (NC) restriction is applied to ensure materials remain freely available for educational purposes whilst preventing commercial redistribution without consent.

The CC BY-NC 4.0 licence also satisfies the EU's royalty-free, non-exclusive and irrevocable right of reuse granted to the European Commission and the Managing Authority (IB.SH) under Article 49 of Regulation (EU) 2021/1060, as this right extends to public and internal institutional purposes, which are non-commercial in nature.

## 3. Intellectual Property & EU Funding Acknowledgement

These materials were produced with financial support from the European Union through the Interreg Baltic Sea Region Programme 2021–2027. The views expressed are those of the authors and do not necessarily reflect the official position of the European Union or the programme bodies.

In accordance with the Interreg Baltic Sea Region Programme Manual, project partners retain copyright in their respective contributions. The coordinating partner (Social Innovation Centre of Latvia) holds a non-exclusive, worldwide, royalty-free licence to publish, reproduce, distribute, and adapt all contributed materials for purposes consistent with this licence.

The European Union and IB.SH (Investitionsbank Schleswig-Holstein, Managing Authority) retain a royalty-free, non-exclusive and irrevocable licence for internal and public purposes as required under Regulation (EU) 2021/1060, Article 49.

Third-party materials (e.g. logos, photographs, charts, or excerpts from other publications) incorporated into these resources may be subject to separate copyright. Where this is the case, specific credit is provided alongside the relevant content.

## 4. How to Cite These Materials

Users are required to credit the materials as follows, depending on the type of use:
